Dancer of the Month

NWDA is so proud of all of the talented, hard-working students we have that we'd like to take an opportunity each month to recognize a dancer we feel has excelled, inspired, or embodied a commendable trait in our new Dancer of the Month program!

Congratulations to Klara, our May Dancer of the Month! Her teachers agree that she is a diligent student, has shown a lot of growth this year, and they love that when they ask her to do something she is able to focus on their instructions and put it into practice right away! Keep an eye out around the studio and on our website for more about Klara!
