Dancer of the Month

Congratulations to Sophia Darby, our March Dancer of the Month! Miss Augga applauds Sophia's incredible focus and determination during class. Sophia's ability to eliminate distractions and stay tuned to instructions has allowed her to make great progress as a dancer. You're doing a fantastic job, Sophia, keep up the great work!

Sophia is 7 years old and has been dancing for four years. Though she cannot pick a favorite from her teachers, she loves Miss Augga and insists that all of her classes are fun. Her favorite thing about dance is making friends and she finds inspiration in fellow NWDA dancer Abby Hau. Sophia enjoys dance so much that she hopes to be a dance teacher in the future but, in the meantime, her favorite

subjects in school are math, reading, and writing. In the spring, you can find Sophia playing outside with her friends and sisters and, once summer hits, you can find her swimming in the pool or lake. If Sophia had her pick of destinations for a family vacation, she would choose Great Wolf Lodge or Disneyland!

Sophia's mom, Kari Darby, has this to say about Sophia's time at NWDA: Sophia is a very quiet girl. Dancing at NWDA has helped her in so many ways. The teachers are wonderful and have really built up her confidence. They have helped her to overcome some difficult obstacles and she loves it here.
